Technical drawing of the front view of a rectangular device. The overall dimensions are 189,2 (height) and 109,5 (width). The device features a central rectangular area with a circular feature. The top and bottom sections have a width of 88. The top section has a height of 49,8, and the bottom section has a height of 78,5. A section line A-A is indicated by arrows pointing to the top and bottom edges.

Technical drawing of a rectangular profile with dimensions: 67,2 (width), 163,2 (height), 66,5 (lower height), 27 (lower width), 64,2 (total width), and 3 (flange thickness).

Dét:

Technical drawing of a detail of a mechanical part, showing a cross-section with dimensions: 20,9, 49,5, 4,9, 11,9, and a hole with diameter $\varnothing 3 (+2)$.

Technical drawing of the front view of a rectangular device. The drawing shows a symmetrical layout with a central vertical axis. At the top, there are two small rectangular components labeled 1A1 and 1A2. Below them are two rows of vertical bars, each with a central circular element. The bottom section features two rows of vertical bars, with a central circular element and two small rectangular components labeled 2A1 and 2A2. Dimensions are provided for the overall size (171,3 x 98) and internal components. A horizontal arrow labeled 'B' points to the right, indicating a direction of view or measurement.
