## BIL 20 rot/red

Industrial Connectors:Measuring and Testing Equipment:Sockets:4 mm system

| Product description  |                                                                                                                                                                                                               |
|----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description          | Socket with insulated head and ring for installation in equipment chassis and switchpanels with a wall thickness up to 2 mm. 4 mm diameter tin-plated brass socket, with solder connection.                   |
| Type                 | BIL 20 rot/red                                                                                                                                                                                                |
| Order No.            | 930 176-101                                                                                                                                                                                                   |
| System               | 4 mm system                                                                                                                                                                                                   |

| Technical data      |          |
|---------------------|----------|
| Type of contact     | socket   |
| Type of termination | soldered |
| Rated voltage       | DC 60 V  |
| Rated current       | 32 A     |
| Contact resistance  | 5 mOhm   |
| Mounting            | screw    |
| Material            |          |
| Contact material    | brass    |

|                                 |                  |
|---------------------------------|------------------|
| Contact surface material        | tin-plated       |
| Housing material                | PF               |
| <b>Environmental conditions</b> |                  |
| Temperature range               | -25 °C to +85 °C |
| <b>Inflammability class</b>     |                  |
| Housing                         | 94 V-0           |
